A WORD WITH WOMEN

VALUABLE ADVICE FOR MAYSVILLE READERS

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; passages are too frequent or scanty. Then stop the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's conviction:

"Sam Neal, 497 West Second street, Maysville, Ky., says: 'Although I have never Doan's Kidney Pills myself, I can recommend them. One of my family had a great deal of trouble from his back and kidneys. Doan's Kidney Pills made him entirely better and he always praises them.'"

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HOW HE LEARNED

THE LESSON

Better to Have High Prices and Protection Than Free-Trade and Starvation

Rochester Democrat and Chronicle.

Sir—In your paper of the 23d I noticed an article entitled, "They tax you to live and they tax you to die, nowadays," giving the views of Leader Underwood. I quite agree with him as far as the taxation is concerned, but if these same articles he mentioned came in duty free during the second term of Cleveland's administration, thousands of people in the United States could not have bought them.

I myself had my lesson, never to be forgotten. I was working in Buffalo at the time at \$18 a week in a small shop, a branch of one in Rochester. We had a monopoly of the Western New York trade. As with most other concerns, our business was done through the banks. When the panic struck us we still had to depend on the banks to carry us along. One day the boss came to me and said: "George, I guess it is a case of go under. If you want to work for \$6 a week for a while until business picks up it may help out. Otherwise I will have to shut down." I said: "All right, provided you make it up after we have tried it." But I did not even get the \$6. What I did get was an order on the store or market for what I needed, something similar to the poor department system now in use. The only

difference was that I was earning it, instead of getting it from the city.

Well, even at that, when I looked across the street, and saw men, women and children lined up for free soup I considered myself lucky. When the soup gave out, and those that did not get any were turned away, it was pitiful to see men, good mechanics, not bums and tramps, and see the expression on their faces. If some of the men now thinking of voting for Free-Trade Wilson could have seen it they would not give Free-Trade a second thought.

Well to make a long story short, we went under. I went out peddling hand bills at \$3 a week and ran so in debt that it took me the best part of my life to get out. But I learned the lesson that it is better to have high prices and protection than Free-Trade and starvation. G. E. H.

WARDENS AFTER HUNTERS

Special Officers Will Patrol State For Game Commission

Frankfort State Journal.

Sportsmen who expect to get through the bird season this fall without a hunter's license by escaping the vigilance of the State authorities, will be disappointed; for at the next meeting of the Fish and Game Commission Executive Agent J. Q. Ward, will recommend two of his county game wardens to be appointed with roving commissions. They will inspect those counties in which game wardens have not yet been appointed, and will act under secret orders. Over 5,000 licenses have been issued and it is expected that the next six weeks will see more than double that number issued.

Several more game wardens have been appointed by the commission, including: J. D. Driscoll, H. C. Hikes and Daniel T. Nagle, Jefferson county; George Brandel, Hancock; Amos Hogg, Carter; P. M. Melvin, D. C. Nelson, Floyd; W. C. Price, Lee; A. M. Winn, Graves; James M. Leach, Caldwell, and Elijah Roberts, Breathitt.

STOCKING THE STREAMS.

It is probable that Executive Agent Ward or some other member of the commission will go to Washington soon to see about the distribution of game and fish for the Kentucky streams. Securing the allotment involves a vast amount of red tape. Petitions for the fish must originate in the counties and be recommended by the Congressman from the District in which the counties are located.

Executive Agent Ward is mailing out petitions which will be signed in each county and then forwarded to the Congressmen for their signatures after which the commission will send the petitions to the department at Washington.

GAME CONSERVATION.

Two prominent men interested in the conservation of game will speak to the commission at its next meeting. They are John B. Burnham of New York, President of the American Game Protection and Propagation Association, and Joseph Kalbfus of Harrisburg, Pa., connected with the Pennsylvania Game and Fish Commission. Executive Agent Ward heard them both speak at the conference of Fish and Game Commissioners at Denver and they promised him they would come to Kentucky. Both have been pioneers in the movement for the conservation of fish and
